## Emergency Survival Made Easy is Looking for Products to Add

-(Corporate Wire)- Smyrna, TN. - February 8, 2010 - Emergency Survival Made Easy is looking for new items to have on hand in times of disaster or emergency. Our company is looking for any new item that could benefit someone in time of need. Right now we have 115 lines of items to have on hand with most lines being multiple items. We are looking for items that would be essential to life in an emergency or disaster.

We have some items that are fossil fueled such as gas operated generators, propane camping stoves, lights, and electric radios. Our list also contains non-fossil fueled items such as all hand tools, solar battery backs, crank lanterns and crank radios. If your company produces items that would be a match for emergency or disaster preparedness we would like to hear from you.

###

Our company has spent years in developing this list. We are committed to making sure that when you hire our company, you and your family or group will be as prepared for an emergency or disaster as possible. We have put together our emergency survival packs for our own families and we know what to have on-hand and where to go in case of an emergency or disaster. If you have something or know of something that we should have on our list please go to our website at <http://www.emergencysurvivalmadeeasy.com> and fill out the short comments form and we will get back to you.

Emergency Survival Made Easy was formed to help the average person have a starting point on what to have on hand and where to go in case of an emergency. We offer our complete list of goods to have on hand as a starting point. If you need help putting your emergency pack together we offer phone consultation for you do it yourselves, or we can build a custom kit for you. We also offer on-site consultation not only for families but also large groups and corporations.
